

Freedom Conference 2008

Broadcast Access Instructions

1. Log in on the home page with your user name and password as you would for regular broadcasts.
2. Find the broadcast announcement box on the home page and click on "Go to Live Broadcast"
3. If a live broadcast is scheduled but you do not see the announcement box, you may not be logged in correctly or the broadcast has been delayed.
4. Click on "Go to Live Broadcast..." even if we are "Off Air" to find an announcement regarding the next broadcast session.
5. After clicking on "Go to Live Broadcast..." the broadcast page for the appropriate channel should be displayed.
6. If we are "Off Air," an announcement here will give information regarding the next session.
7. If the "Password" field does not appear on your screen, scroll down to view it.
8. Look for a scrollbar if you don't see what you are looking for. You may find a **second scrollbar** inside the webpage.
9. The "Password" field is at the bottom and the Listening button ("Click here to Listen Live") is at the top of the web page.
10. Type in the appropriate password for the day and press the "Login to Broadcast" button.
11. Verify the date if your password is not accepted. You may have entered a password for the wrong day. (The first two digits of the password are the day's number for June; it's Month and Day for July, e.g. July 3 is "73".)
12. If you can't log in call 651-206-5084 for assistance.
13. If you lose the broadcast, try reconnecting before calling for help. But if that doesn't work, call 651-206-5084.
14. Since the broadcast may be turned off between daily sessions, you will need to repeat this login procedure for each broadcasting session.
15. Retain copy of this page. You need to change the Password every day.
