

CAMPGROUNDS

FREEDOM 2008

There are 5 campgrounds within 15-20 minutes of the Big Sky Resort. The following website provides complete details on each site; all of which are in the Gallatin National Forest: <http://www.forestcamping.com/dow/northern/gall.htm>

The Red Cliff campground, the closest of the 5, is in heavily wooded pines with grass ground cover. The camp sites lie adjacent to the Gallatin River in the Gallatin Canyon.

Reservations can be made on the internet or by calling: 1-877-444-6777. The 4th of July weekend is the campgrounds busiest time of the year and the campground fills up early in the year, so you're well advised to make your reservations early. You can always cancel your reservations should you change your lodging plans.

Again, the website provides comprehensive details on each of the 5 campgrounds and complete details on each campsite within the campgrounds.

STATE	CITY/TOWN	CAMPGROUND NAME	SITES	RV WASTE
